

ECOTECH

Suction-filtering unit for the removal of oil mist, complete with centrifugal fan, ON/OFF circuit breaker, oil collection tank, cyclone helical pre-filter, labyrinth drop separator pre-filter, metal pre-filter, cellulose cartridge filter with coalescing pre-filter.

Supply voltage: V 230/400 50Hz, V 265/460 60Hz Three phase.

(Other voltages on request with surcharge)

CE certification.

Painting color RAL 9003/3020

Model:

- Ecotech 4000
- Ecotech 6000

ECOTECH AXO

Ecotech AXO complete with post filter for micro mists and fumes, HEPA classification.

Model:

- Ecotech AXO 4000
- Ecotech AXO 6000

Accessories and Spare Parts (For all Ecotech

Coalescing prefilter in polypropylene with high absorbent power

Cellulose filter cartridge

Flat metal filter

PVC labyrinth drop separator

HEPA absolute filter

Differential pressure gauge kit 0-100 H₂O reading

Differential pressure switch 0-100 H₂O

Electrical management panel

ECOTECH MAXI

Suction-filtering unit for the removal of oil mists, complete with centrifugal fan, oil collection tank, labyrinth drop separator pre-filter, metal pre-filter, cellulose cartridge filter with coalescing pre-filter. Electrical connection on terminal board and differential pressure gauge for progressive filter clogging.

Power supply voltage: V 400/690 50Hz, V 265/460 60Hz Three-phase.

(Other voltages on request with surcharge.)

CE certification.

Paint color RAL 9003/3020

Model:

- Ecotech Maxi 8000
- Ecotech Maxi 10000
- Ecotech Maxi 12000

MAXI AXO

Ecotech MAXI AXO complete with post-filter for micro mists and fumes, HEPA classification

Model:

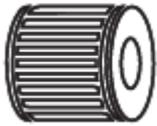

- Ecotech Maxi Axo 8000
- Ecotech Maxi Axo 10000
- Ecotech Maxi Axo 12000

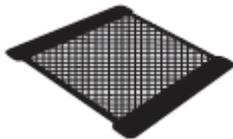

Accessories and Spare Parts (For all Ecotech Maxi)

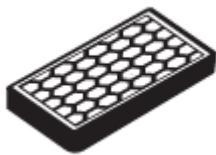

Coalescing pre-filter in polypropylene with high absorbent power
The kit includes 3 pieces

Cellulose filter cartridge
The kit includes 3 pieces

Flat metal filter

PVC labyrinth drop separator

HEPA absolute filter

Differential pressure switch 0-100 H₂O
